

How the Trail works

The map shows the approximate locations of 9 posters with numbered plaques on them.

They are to be found in the windows of shops and other businesses in the Town. Visit each one in turn and write down the information requested or solve the puzzle.

You will need this information to progress through Guy's story stages and help him save his friends Tirri and Heraud.

How the App works

You can download the metaverse experience browser by visiting the google play or apple app store or scanning the QR code below. Once you have the app, scan the code to begin the experience.

*If you wish to do the trail but not download the app simply take a photo of your completed map and email to:
